## a customized **experience**

Every treatment is transformed into a unique and personal occasion, a moment created especially for you – this is the essence of the Guerlain experience, the perfect union of effective know-how and aesthetic **expertise**.

Our Beauty Therapists begin each treatment with a systematic analysis and precise skin diagnosis to reveal your primary focus, be it nutritional, environmental, emotional or physical. Therapists thus gain an intrinsic understanding of your essential concerns to tailor a therapy according to your needs and expectations.

Such signature touches epitomize the **refinement** of Guerlain, with attention paid to the smallest detail, enriching each treatment and creating an exceptional experience enhanced by an array of delightful additions.

Guerlain facial treatments offer the dual benefit of cutting-edge skincare and an exclusive therapy technique. To enhance each experience, Guerlain includes an additional array of complementary services.
